ELECTRICAL CONTROL CABINET MANUFACTURING

PRODUCTION

We are experts in industrial project business based machine manufacturing.

Makron is your one-stop solution provider in machine manufacturing. We handle different projects from your designs and drawings to a complete working product. Working together with Makron means you have high-quality expertise and professionals providing you with the best possible service. We value the quality of our work and therefore we thoroughly document production. We are able to obtain all the needed parts, components, and materials for you. We are happy to take complete responsibility for the supply chain, to stay on schedule and get the necessary components on time. Our work plans ensure that every step of the process is planned carefully. During the production process, we will also report on our progress, step-by-step, to keep you up-to-date. And we constantly develop our products and production processes. We appreciate hands-on partnership where we learn from each other to make projects more efficient and products better.

ELECTRICAL CONTROL CABINET MANUFACTURING

Makron manufactures electrical control cabinets to complete your technology and processes. Our flexible production can provide customer-specific deliveries. We are UL 508A and UL/CSA C22.2 certified manufacturer. We efficiently manufacture cabinets according to your specifications and also install them with short lead times.

What Makron does

Our electrical control cabinet manufacturing covers a wide range of products and industrial applications. We have the know-how to deliver cabinets based on your own electrical planning, or designed by our skilled electrical engineers. Makron has UL 508A and UL/CSA C22.2 certifications. Our typical customers are machine builders, project suppliers, industrial plants and marine industry suppliers. Makron's services include installing and testing your software.
