## **ELECTRICAL CONTROL CABINET MANUFACTURING**

Makron manufactures electrical control cabinets to complete your technology and processes. Our flexible production provides customer-specific deliveries. We efficiently manufacture cabinets according to standards and your specifications and also test and install them with short lead times. We are UL 508A and UL-CSA C22.2 certified manufacturer. We have extensive experience in manufacturing cabinets for demanding conditions, such as marine and mining industries.

## PRODUCTS AND SERVICES

### ELECTRICAL AND AUTOMATION CABINETS

We manufacture control cabinets and boxes for your machines and production lines in accordance with your drawings or you can let our skilled electrical engineers take over the design work for you. We deliver you control cabinets that have been inspected and tested and meet all requirements set by standards. An ISO 9001-certified quality management system is the foundation of our cabinet manufacturing operations. Makron is a UL 508A- and UL-CSA C22.2-certified manufacturer. This means that we can manufacture control cabinets that are approved for use on the North American market.

### WHAT MAKRON DOES

Our typical customers are machine builders, project suppliers, industrial plants and marine industry suppliers. Makron has UL 508A and UL-CSA C22.2 certifications. Makron's services include installing and testing your software.
