

Installation and Lifecycle Services

INSTALLATION AND COMMISSIONING

INSTALLATION AND LIFECYCLE SERVICES

A wide range of installation and lifecycle services for your industry processes and machinery.

At Makron, we want to serve you through the lifetime of your production or industrial processes. Our lifecycle services cover both industrial automation and mechanics. We aim to ensure that your production runs smoothly with the minimum possible downtime. We offer you industrial lifecycle services from installation and commissioning to maintenance and spare part deliveries, either as a whole or as individual services. Modernization prolongs the lifecycle of the production line. We aim to maintain your productivity, safety, environmental friendliness and efficient operation.

INSTALLATION AND COMMISSIONING

We have an installation and commissioning team to serve you in demanding projects, big or small. Our know-how covers both industrial automation and mechanics.

What Makron does

We take control of installation and commissioning projects and offer support in the production start-up phase.
