LOGISTICS AND PACKING

PRODUCTION

We are experts in industrial project business based machine manufacturing.

Makron is your one-stop solution provider in machine manufacturing. We handle different projects from your designs and drawings to a complete working product. Working together with Makron means you have high-quality expertise and professionals providing you with the best possible service. We value the quality of our work and therefore we thoroughly document production. We are able to obtain all the needed parts, components, and materials for you. We are happy to take complete responsibility for the supply chain, to stay on schedule and get the necessary components on time. Our work plans ensure that every step of the process is planned carefully. During the production process, we will also report on our progress, step-by-step, to keep you up-to-date. And we constantly develop our products and production processes. We appreciate hands-on partnership where we learn from each other to make projects more efficient and products better.

LOGISTICS AND PACKING

We pack the finished product for safe transportation to its destination and make the documentation for delivery.

What Makron does

Makron takes care of packing the goods and making the needed documentation for delivery. We customize packages for various deliveries and shipments. For example, our specialized logistics staff can take care of corrosion protection and take transport conditions into account.

Services

- Product receiving
- Product preparation and protection
- Packing for wheel transportation
- Packing for marine transportation
- Packing for air cargo
- Documentation
